

RESIDENCES MUST FRONT ON STREET

New Ordinance Adopted by Petersburg Board of Aldermen.

TWO MORNING FIRE ALARMS

The Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., December 13.

The Board of Aldermen, at its meeting last night, with only one dissenting vote, adopted an ordinance requiring that all residences erected in the future on any of the public streets of the city, shall have their front entrances facing the street, and prohibiting any departure from this rule under heavy penalties. The ordinance had been previously passed by the lower branch. The ordinance gave rise to an interesting discussion, and in deference to the interests opposing it, the privilege of the floor was granted to any one wishing to be heard. Hon. William B. McIlwaine, representing the Centre Hill Corporation, vigorously opposed the ordinance, as one having far-reaching effects, and as one that would materially interfere with the development now in progress of the valuable property of the corporation at Centre Hill. The Centre Hill property has been divided into thirty lots, one owned by Charles Hall Davis, assessed at \$19,000, and twenty-nine owned by the corporation, assessed at \$2,700. On these lots handsome residences are to be erected to front, as is understood, on a fine court, and not on the public streets.

Alderman Nelms as vigorously favored the ordinance in the interests of people who do not desire to have the backs of houses to their faces. It is said that the ordinance, should it receive the signature of the Mayor, may probably be tested in the courts.

The Board concurred in various appropriations made by the Council, and in sundry measures passed by that body.

Authority was granted the Walnut Hill Corporation to construct a steel and concrete bridge across Lieutenant Run, from a point near the southern terminus of Sycamore Street, to the company's property in Prince George county, adjoining the city limits. The viaduct will be 600 feet long, forty feet wide at the top and will cost \$10,000 or more. The corporation designs adding nearly 200 acres of residential suburbs to the city.

The Board voted to furnish 30,000 gallons of water per month free to the new Birdville Tuberculosis Hospital.

The request of the School Board for an appropriation of \$15,000 for furnishing and equipping the two new school buildings now nearly completed was referred to a special joint committee.

Death of Mrs. Anna Jones.
Mrs. Anna Jones, widow of Joseph E. Jones, died this morning in the Petersburg Hospital of pneumonia, after an illness of a few days. She was about seventy years old, and was greatly esteemed in the community, in which she had passed her entire life. She was the daughter of the late Judge William T. Jones, of the Virginia Supreme Court, and her mother was the daughter of Judge John May, a distinguished lawyer and jurist. Mrs. Jones is survived by one brother, Thomas Jones, of Baltimore, and leaves no children. She was always prominent in her devotion to the Con-

Two Morning Alarms.
The department was called out at 3 o'clock this morning to a fire on South Street, which partially destroyed a new double tenement owned and almost completed by John Dinnivant. One side of the tenement was practically ruined, but the loss is covered by insurance. The buildings had not yet been occupied. The fire is supposed to have caught from a heater which had been used for drying the new plastering.

About 10 o'clock this morning a telephone alarm came in from Hinton Street, but the fire was found to be only the burning of a foul chimney. No damage resulted.

Personal and Otherwise.
Koenig Adams, of D. A. Adams, was taken suddenly ill yesterday with appendicitis. He was successfully operated on last night by Dr. H. A. Burke.

The vestry of St. Paul's Episcopal Church are considering the call of a rector to succeed the Rev. R. W. Barwell, resigned, but have yet taken no definite action.

The store of Joseph Weiner, on Halifax Street, was broken into last night and robbed of \$10, of which the thief in his hurry dropped \$2 on the floor. It is not known what else was taken.

City Collector William H. Camp has reported collections on account of this year's city taxes, amounting to \$196,490. The second half of these taxes was due and payable on December 10. Cleveland Wright, owner of the Wright block which was destroyed by the recent fire, will erect two very handsome stores on the sites of the old buildings.

Stole and Got Drunk.
A negro named Charles Gilliam, with several aliases, yesterday went to the home of a woman on Commerce Street, and representing himself as having been sent by the family washerwoman, secured her wages for last week, and was given the clothes for this week's wash. He cast the basket of clothes away in an alley, and disappeared with the money. He got drunk, went over to Etrick and attempted to shoot a man and was placed in the lockup. The Etrick authorities have consented to turn the

Reportedly Fatally Injured.

A letter received here to-day from Decatur, Ill., reported Patrick Rahilly as badly injured in a wreck near that city, and that his injuries would probably prove fatal. The injured man is a native of Petersburg, but has been away from this city for some years. He is a brother of William J. and Michael Rahilly, of this city, and was formerly engaged here as a printer. Efforts are being made to hear definite news from the young man.

Stricken With Paralysis.
[Special to The Times-Dispatch.]
Winston-Salem, N. C., December 13.—D. T. Schouler, retired merchant, suffered a slight stroke of paralysis while sitting in Hotel Zehnerdorf talking with friends at 6 o'clock this evening.

PEACEMAKING UNCLE IS SHOT AND KILLED
Enterprise, Ala., December 12.—Late this afternoon Berry Carraway, who lived near Enterprise, was shot and killed by his nephew, Henry Carraway, aged eighteen. The boy and his sister were engaged in a quarrel and the elder Carraway, seeking to settle the trouble and separate them, took the side of the girl in the quarrel. Upon his interference the young man drew his pistol and shot him in the head, inflicting a fatal wound. Carraway was arrested.

PRIZES FOR POLITICAL ESSAYS.
College Undergraduates Encouraged to Study Public Affairs.
Chicago, December 13.—To encourage undergraduates of universities and colleges in more extensive study of questions of public morals, state and municipal government and party politics, N. W. Harris, a Chicago banker, has established an annual prize fund of \$200, to be awarded to the writer of the best essays on political science. The subject for 1911 is "The prevalence of crime in the United States; its extent compared with that in the leading European states; its causes and best means of remedy."

The competition is confined to undergraduates of universities and colleges in Indiana, Illinois, Michigan, Wisconsin, Minnesota and Iowa. A prize of \$50 will be awarded the writer of the best essay from each State, provided at least five essays are submitted from each State, and the competitor presenting the best essay from all institutions will receive a prize of \$250.

WOMAN AND LAWYER JAILED.
Mrs. Christopher and J. A. Brown Convicted of Contempt.
Chicago, December 13.—Mrs. Allen Christopher, the government's star

witness in the prosecution of the alleged brick trust, was to-day sentenced to serve thirty days in the county jail for contempt of court in refusing to produce certain information before the Federal grand jury.

Her attorney, John A. Brown, was sentenced to seventy days imprisonment for his part in the same refusal.

FOUR SUSPECTS CLEARED.

End of Trial for Murder of Witness in "Night Rider" Case.

Eddyville, Ky., December 13.—"Not guilty" was the verdict of the jury to-day in the cases of Bart Creekmur, Alonzo Gray, Jim Bozart and Bryan Hawkins. They were charged with being accessories to the murder of Axiom Cooper, who was a witness of the State in the trial growing out of the "night rider" outrages two years ago.

U. S. WARSHIPS IN STORM.

French Cruiser Driven Ashore in Harbor at Brest.

Brest, France, December 13.—A violent storm, accompanied by thunder and lightning, raged over the harbor to-day. The visiting American battleships, the Minnesota, Idaho, Mississippi and Vermont, held firm by their anchors. The French armored cruiser Edgar Quinet parted her chains and was driven on the beach. She was floated later by tugs and apparently had sustained no damage.

MEDALS FOR MUSEUM.

Discoverer of Pole Peary Turns Over to United States National Museum sixteen gold and two silver medals that have been awarded to him. Prominent among these are the gold medal presented to him by the National Geographic Society of Washington, for his discovery of the North Pole, and the gold medal of the Royal Geographical Society of London presented to him for "Arctic Exploration, 1898-1899." This medal was designed by Mrs. Scott, wife of the leader of the British South Polar expedition. Captain Peary also deposited in the National Museum the flag of his college fraternity, presented to him by his brothers of the Delta Kappa Ep-

ilon, and the peace flag, given him by the Society of the Daughters of the American Revolution. He carried both of these flags with him to the North Pole.

Ask Votes for New Orleans.

Durham, N. C., December 13.—At a meeting to-night of the Merchants' Association a unanimous resolution was passed asking Northern merchants from whom local merchants buy to instruct their Congressmen to vote for New Orleans as the place for holding the Panama Exposition. This is the only merchants' association in the State that has taken such a step.

Try This Home-Made Cough Remedy
Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

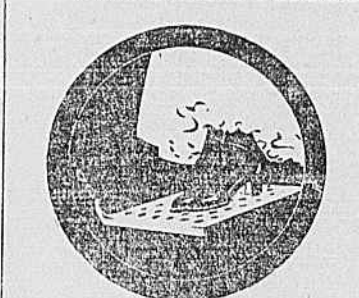

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough in less than 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough. This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualitol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equalled.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or, for you, send to The Pinex Co., Ft. Wayne, Ind.

The Newest Thing in Christmas Presents

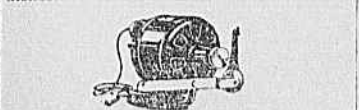

Is an electric foot-rest—in other words, a sewing machine treadle.

Any lady who has a sewing machine will be charmed to receive from you a small electric motor, which she can attach to her sewing machine and save all the labor of treading, so that, instead of the treadle being a source of hard work, it may become a foot-rest.

Ask the Virginia Railway and Power Company to explain just how you may be the means of carrying great joy into the heart of your lady friends by giving them a sewing machine motor for Christmas.

There are many other electrical things that will please them, too, such as electric irons, toaster stoves and chafing dishes.

MAY INCORPORATE JOHN D.'S FORTUNE

United States Senate Again Asked to Permit This Step.

AMENDMENTS OFFERED

Funds Will Be Limited to \$100,000,000, and Other Modifications Are Proposed.

Washington, December 13.—A vehicle by which John D. Rockefeller may utilize his great fortune after death for the benefit of mankind will yet be framed, it is friends in the Senate can accomplish it. The old bill creating "The Rockefeller Foundation" has been revised with a series of amendments intended to remove the objections of Senators La Follette, Heyburn and others, who see in the guise of philanthropy a scheme to perpetuate the enormous fortune of the family.

Early in the last session of Congress Senator Gallinger introduced a bill to create "The Rockefeller Foundation." It had been framed by start J. Murphy, the attorney for Mr. Rockefeller in his scheme to perpetuate the enormous fortune of the family.

To promote the well being and to advance the civilization of the United States and its territories and possessions and of foreign lands in the acquisition and dissemination of knowledge; in the prevention and relief of suffering; and in the promotion of any and all of the elements of human progress.

Rockefeller Irritated.
When it was declared that an attempt was being made to incorporate the Rockefeller fortune, and much unexpected opposition to the measure developed, the oil king and his counsel became irritated. They let it become known around the Senate that Mr. Rockefeller had become indifferent about the entire matter. The bill then slumbered on the calendar until adjournment.

Senator Gallinger has offered several proposed amendments to the original bill, calculated to make its provisions more acceptable. They have been approved by Mr. Rockefeller.

The most important modification limits the amount of the funds held by the foundation to \$100,000,000. Other amendments give Congress the right to put any time imposed such limitations upon the objects of the said corporation as it may deem the public interest demands.

The income of the property shall not be added to the principal or accumulated, but shall be expended currently for the purposes directed by the corporation. A new section is added:

Provision for Distribution.
"At any time after the expiration of fifty years from the receipt by the said corporation of any property, whether by deed, grant, devise or bequest, the said corporation may distribute the principal or any part thereof, as well as the income thereof, provided such action shall be authorized by a resolution passed by the affirmative vote of two-thirds of all those present who shall at the time be members of the corporation, at a special meeting held on not less than thirty days' notice, given in writing, which shall state that the meeting is called for the purpose of considering a resolution to authorize the distribution of the whole or some part of the principal or said funds, and after the expiration of one hundred years from the date of its receipt by the said corporation shall distribute the principal if so directed to do by the Congress of the United States; and all gifts, grants, devises or bequests to the corporation shall be taken and held subject to the provisions of this section."

The election of additional incorporators and the successors of all chosen must be approved by the President of the United States, the Chief Justice of the Supreme Court, the President of the Senate, the Speaker of the House of Representatives and the presidents of the following institutions: Harvard University, Yale University, Columbia University, Johns Hopkins University,

How to Get Rid of Your Constipation---Trial Free

It is too long a story to tell of all the different methods resorted to for the cure of constipation, ranging, as they do, from massage to stomach pads and from simple salts to powerful cathartics. It is only after a person has tried these makeshift methods that he begins to realize how futile they are.

Waste no further time on them, but try a scientific preparation, one that has some basis in reason and fact, and then watch results. The remedy for the intelligent, who are striving for permanent, not temporary, results, and do not want their intestines nearly strangled by the average violent cathartic, is Dr. Caldwell's Syrup Pepsin, which has been on the market for so many years that its stability is assured.

Any druggist will sell you a bottle—it is a liquid remedy and not a pill—at fifty cents and one dollar, but if you hesitate about buying, even in spite of numberless testimonials, then write Dr. Caldwell for a free sample bottle, which he will gladly send you on receipt of your name and address. Thousands of persons have recovered the perfect use of their stomach and bowel

mucous by first being introduced to Syrup Pepsin in the form of a free sample bottle, sent direct to the home. Mr. J. A. Vernon, of Oklahoma City, and Mrs. S. E. Snyder, of Canton, Ill., both used it for stubborn constipation of many years' standing and now publicly report cures. You will never find anything better for constipation, liver trouble, sick headache, biliousness, indigestion and similar complaints.

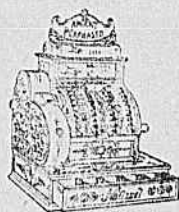

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years, and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice of the free sample address him Dr. V. B. Caldwell, 541 Caldwell Building, Monticello, Ill.
